2013 CENTRAL AIR CONDITIONER CLEAN & TUNE REBATE APPLICATION

1. REBATE APPLICATION CHECKLIST

This program offers a **\$25 rebate** for the completion of a professional clean and tune of your central air conditioner between May 1 and July 31, 2013. Use this checklist to complete the steps to receive your rebates:

1. Read the following terms and conditions to determine if you are eligible for a rebate:
 - **Only one service address per application per year.**
 - **The utility reserves the right to apply rebates to past due accounts. Rebates \$75 and under will be applied to your account. Rebates will not exceed the purchase price.**
 - **Central Air Conditioner Clean & Tune must be performed on equipment connected to an electric service** supplied by Austin Utilities, Owatonna Public Utilities, or Rochester Public Utilities and is **subject to inspection.**
 - **The Central Air Conditioner Clean & Tune service must be performed by a licensed and insured heating/cooling contractor.** Austin Utilities, Owatonna Public Utilities, and Rochester Public Utilities assume no liability for any incidental or consequential damages resulting from the Central A/C Clean & Tune service provided by the contractor.
 - **The Central Air Conditioner Clean & Tune service must meet the Minimum Service Requirements as specified in this rebate application Section 3 (CONTRACTOR INFORMATION).**
 - **Due to limited funding, this rebate offer can be withdrawn at any time without notice. Applications will be processed on a first-come, first-serve basis. All applications from the previous year's purchases (2013) must be received by March 31, 2014.**
 - Rebates can only be offered on Central Air Conditioner Clean & Tune services that are completed while funding is in effect. In the event our program is discontinued due to depleted funds, we will not provide a rebate for Clean & Tune services completed between the discontinued date and the end of that year.
2. Have a Central Air Conditioner Clean & Tune performed by a licensed and insured heating/cooling contractor. **The contractor or technician must complete Section 3 (CONTRACTOR/SERVICE INFORMATION) and sign the rebate application.**
3. Complete the application, making sure to fill out all required sections in detail. Missing or incorrect information will increase the processing time.
4. Include a final, detailed copy of the **original service receipt or invoice** showing the customer name as well as the date and description of service.
5. Sign the application.
6. Mail completed forms and required documentation to your utility provider:

Austin Utilities
