The Minnesota Department of Commerce requests that utilities track the following information for statistical purposes only. **Please read each step carefully and check "above" or "below":**

- Find your household size on the table to the right.
- Determine your annual household income, before taxes, including pension, social security, etc.
- Is your household income above or below the amount corresponding to your household size in this table? above below

Number of People in Household	Annual Household Income
1	\$23,340
2	\$31,460
3	\$39,580
4	\$47,700
5 or more	\$55,820

(Information from this application may be shared with the Minnesota Department of Commerce and our co-op partners.)

 **SIGNATURE:** I certify that I have read, understand, and agree to the terms and conditions on the back page of this rebate application and that all equipment has been installed.

2. REBATE APPLICATION CHECKLIST

This program offers rebates for the purchase of new water-efficient equipment. Reconditioned or refurbished equipment is not eligible for a rebate. Applicants should review the terms and conditions listed below and fill in the corresponding rebate information on the following pages. Use this checklist to complete the steps to receive your rebates:

1. Read the following terms and conditions to determine if you are eligible for a rebate:
- Only one service address per application.
 - The utility reserves the right to apply rebates to past due accounts. Rebates \$75 and under will be applied to your account. Rebates will not exceed the purchase price.
 - Water-efficient equipment must be connected to a water service supplied by Austin Utilities, Owatonna Public Utilities, or Rochester Public Utilities and is subject to inspection.
 - Equipment installations must meet our Minimum Efficiency Requirements to qualify for a rebate. WaterSense®, ENERGY STAR®, and American Society for Testing and Materials (ASTM) standards are used. (Please refer to the appliance or equipment rebates sections of this form for requirements and reference sources.)
 - Due to limited funding, this rebate offer can be withdrawn at any time without notice. Applications will be processed on a first-come, first-serve basis. All applications from the previous year's purchases (2014) must be received by March 31, 2015.
 - Rebates can only be offered on equipment that is installed while funding is in effect. In the event our program is discontinued due to depleted funds, we will not provide a rebate for items installed between the discontinued date and the end of that year.
2. Purchase and install new products with the WaterSense® or ENERGY STAR® labels or that meet our MINIMUM EFFICIENCY REQUIREMENTS.
3. Complete the application, making sure to fill out all required sections in detail. Missing or incorrect information will increase the processing time.
4. Include a final, detailed copy of the original sales receipt, invoice, or picking slip showing the customer name, date of sale, manufacturer name, model number, and date of installation.
5. Sign the application.
6. Mail completed forms and required documentation to your utility provider:
