

**Position: Electrical Distribution Engineer**

**Posting Close Date:** Review of applications will continue until the position is filled.

**Pay Range:** \$92,063 - \$131,565 annually

**Please note:** Actual starting pay will be determined at the time of offer based on the experience, education and training of the successful candidate.

**Electrical Distribution Engineer Description**

Austin Utilities is seeking a talented and self-driven individual to join our Utility Operations team. As a member of the engineering staff, you will be responsible for the preparation of engineering plans, provide project management and communications for the electric, gas, and water transmission and distribution projects, as well as helping to establish department standards, procedures, and strategic directives. Ability to maintain personal and professional integrity at all times, consistent with our mission and values.

**Key responsibilities include but are not limited to:**

- Oversees the preparation of all engineering project plans, including drawings, specifications, and material invoicing;
- Develops specifications and project planning for electrical and communications utilities;
- Provides technical support to utility staff and coordinates operation staff on system operations.

**Why should you apply?**

Austin Utilities has been recognized as one of the “Best Places to Work” in Southeast Minnesota. We put your safety first, and have been the recipient of several safety awards. As an integral member of our Utility Operations team, this position provides an opportunity for personal and career development to advance your professional career as you demonstrate your expertise within our organization. You will have the opportunity to work with a very dedicated team of professionals who are passionate in their service to our community. And, we offer a work environment where work-life balance is realized.

**What will it take to be successful?**

- Four-year Bachelor’s Degree in Electrical Engineering;
- Two (2) years of engineering experience;
- Valid Minnesota Driver’s license.

**What a career at Austin Utilities can offer you...**

As a community-owned enterprise for over 100 years, we offer the stability of providing a required service and commodity for our community. We are a diverse team of professionals who take pride in delivering exceptional service to our community through new and innovative technologies. We understand employees have competing priorities. That is why we have created an environment that embraces teamwork and flexibility. Join a diverse team of high performers who take pride in delivering exceptional service to our community and tap into the power of your potential!
