

HOW TO READ MY SOLAR BILL

AU customers who have installed a solar array, also known as a Renewable Distributed Generation system, at their home or business will see additional information in the Service Description area of their monthly statement. Three pieces of information will be provided about their system.

Renewables-Consumption-Elec – This information represents the energy you used that was provided by AU.

Renewables-Delivered-Elec – This information represents the energy that your solar array produced that was delivered to the AU distribution system. The energy your system produced that was consumed by you is not represented in this number.

Renewables Production-Elec – This information is provided as a convenience to you and represents your total solar system production. It is not used to calculate your bill.

Electric Usage billed is determined by taking **Renewable-Consumption-Elec** minus **Renewable-Delivered-Elec**. If the result is a **positive** number, the **customer is billed** for the consumed kWh. If the result is a **negative** number, the **customer is credited** for the delivered kWh.

Example of system that received more from AU than their system produces.

Service Description	Services		Days	Readings		Meter Multiplier	Usage
	From	To		Previous	Present		
Renewables-Consumption-Elec	06/25/2021	07/28/2021	33	3156	3985	1	829
Renewables-Delivered-Elec	06/25/2021	07/28/2021	33	1872	2268	1	396
Renewable Production - Elec	06/25/2021	07/28/2021	33	3122	3992	1	870

Electric Service

Service Availability		14.00
Electric Usage	433 KWH @ 0.1135	49.15
Sales Tax		4.98
Total Electric Charges		68.13

Consumption minus Delivered
829-396 = 433
Customer is billed for 433 kWh

Example of system that produced more than what was received from AU.

Service Description	Services		Days	Readings		Meter Multiplier	Usage
	From	To		Previous	Present		
Renewables-Consumption-Elec	02/26/2021	03/26/2021	28	1384	1693	1	309
Renewables-Delivered-Elec	02/26/2021	03/26/2021	28	181	541	1	360
Renewable Production - Elec	02/26/2021	03/26/2021	28	465	959	1	494
