

# Applications and Technology Specialist Training and Experience Rating

**Applicant Name**

## I. MINIMUM QUALIFICATIONS

Degree from an accredited college in Engineering, Computer Science, Information Technology, Data Science or related field. Software or Database Administration is desirable.

YES                      NO

List your Education and degree(s) held:

Organization	Degree Achieved	Duration
--------------	-----------------	----------

Minimum of three years related experience in software applications and communication or an equivalent combination of experience and education.

YES                      NO

List your related experience with Automated Metering Infrastructure (AMI) and Automated Metering Reading (AMR) systems; Meter Data Management System; AMI/AMR system infrastructure and configuration:

Organization	Position Held	Duration
--------------	---------------	----------

**Any equivalent combination of education and experience will satisfy the minimum qualifications required for the position.**

Do you possess a valid MN Driver's License? YES                      NO

## II. DESIRED QUALIFICATIONS

1. Please list your experience with the following computer software programs and your proficiency with each program. Please list and rank any additional program experience. Please rank all programs 1 to 5, with 1 being the lowest proficiency and 5 being highest proficiency.

- |    |   |             |       |
|----|---|-------------|-------|
| a. | Automated Meter Reading Systems (AMI)           | Proficiency | _____ |
| b. | Meter Data Management (MDMS)                    | Proficiency | _____ |
| c. | Integration of data to GIS system               | Proficiency | _____ |
| d. | Mobile Application Data Collection Software     | Proficiency | _____ |
| e. | Windows and MS Office applications              | Proficiency | _____ |
| f. | GIS Software                                    | Proficiency | _____ |
| g. | SQL Server or other database                    | Proficiency | _____ |
| h. | List other software in which you are proficient | Proficiency | _____ |

## Applications and Technology Specialist Training and Experience Rating

2. Experiences in implementing AMI systems, and monitoring functional metrics on daily basis to support operations and customer service. YES                  NO

List your related experience:

3. Strong understanding of networking and associated radio technologies (RF and field network deployment experience). YES                  NO

List your related experience:

4. Experiences with Field and shop operations. YES                  NO

List example(s):

5. Experience with engineering drawings and schematics: YES                  NO  
List example(s):

6. Technical knowledge of metering and meter-related work practices, tools, materials, and equipment. YES                  NO

Describe knowledge and list example(s):

7. Understanding of cyber security principles: YES                  NO

Describe knowledge and list example(s):
