SECTION B. CONTACT INFORMATION (please print)/CUSTOMER SIGNATURE

ATTENTION: ALL INVOICES OR RECEIPTS AND ALL SPECIFICATION SHEETS MUST BE INCLUDED WITH YOUR FULLY-COMPLETED AND SIGNED APPLICATION OR APPLICATION WILL BE RETURNED.

Contact Name (rebate check will be mailed to contact) _____ Contact Phone Number _____ Home Cell Other: _____

Email _____

By typing my first and last names in the box below, I am signing this document and certify that all the information in the application (including any associated worksheets) is correct to the best of my knowledge. I have read and agree to the Terms and Conditions on the back of this application booklet. I understand that if any equipment in conjunction with this application is ordered, purchased, or installed before approval from The Utility is received, the proposed project may not qualify for a rebate.

Customer's Signature _____ Date _____

Check here if you DO NOT give us permission to use your business name in advertising our CONSERVE & SAVE® programs.

SECTION C. LED BULBS & FIXTURES

REBATE: SEE TABLES ON PAGE 3

Must include one package for each bulb/fixture type with manufacturer logo, model number, and wattage.
To verify DesignLights™ Consortium (DLC) qualified products, go to www.designlights.org. To verify ENERGY STAR® qualified products, go to www.energystar.gov. Applications that do not include manufacturer and model numbers will be processed as non-DSL/ENERGY STAR® qualified.

LED FIXTURE/LUMINAIRE/RETROFIT KIT: 200 watts or greater	1550	50% of cost; \$217 max						

SECTION D. TERMS AND CONDITIONS

1. ELIGIBILITY

Rebates are available to non-residential electric customers of Austin Utilities and Owatonna Public Utilities (herein referred to as The Utility). All products must be in use in facilities in The Utility service territory. Rebates are for installed equipment only – extra bulbs/fixtures are NOT eligible.

2. APPLICATION

Program is offered January 1 through December 31 of the respective calendar year. **Due to limited funding, this rebate offer can be changed or withdrawn at any time without notice and is available on a first-come, first-served basis.** The entire rebate application must be read and filled out completely or application will be returned.

3. INSPECTION AND VERIFICATION

The Utility reserves the right to inspect the customer's facility through on-site visits before and after new equipment installation to verify rebate eligibility. The Utility reminds you to follow all local permitting and building code ordinances.

4. INSTALLATION AND REBATE AMOUNTS

Qualifying energy-efficient equipment installed and operational within six (6) months of the date of purchase are eligible for rebate. Additional time may be granted subject to the Utility's pre-approval. In no case will the rebate paid by The Utility exceed the purchase price of the equipment. The maximum rebate amount is \$100,000 per customer location per technology per year. Rebates \$75 and under will be applied to your account. Recipients must be an electric customer of Austin Utilities or Owatonna Public Utilities. All applications from the previous year's purchases must be received by March 31.

5. INVOICE AND PAYMENT

Following inspection and verification (see #3) and completed installation, the customer must notify The Utility and submit original invoices specifying the quantity and price of all materials purchased, the date ordered, installation costs, and applicable taxes. After satisfactory review of the application and invoices, a rebate check or bill credit will be issued to the customer. Vendors or contractors are not eligible to receive their customer's rebate. Please allow 6-10 weeks from the date of application submission for delivery of rebate check or bill credit. The Utility reserves the right to apply rebates to past due accounts.

Thank you for purchasing new energy efficient lighting and applying for a CONSERVE & SAVE® rebate!
When purchasing new lighting continue to look for the ENERGY STAR® and DLC labels.
These products qualify for higher rebates because they have been tested for performance standards.

Return this completed rebate booklet, sales receipt, and proof of ENERGY STAR® or DLC qualification (if applicable) to your utility.
